TOPIC: RAM 2019 Interior – Anti-Squeak Material

VEHICLE: 2019 RAM 1500 DT (New Body Style)

Katzkin follows the original factory design for the RAM 2019 DT, which includes the use of FCA approved anti-squeak material in several places (see photos). The anti-squeak material is Black and will be used in all colors of RAM DT interiors. If you order a non-Black interior, black anti-squeak material will be used in the locations shown below.
